**RE: HUMBLY SEEKING YOUR ASSISTANCE IN DOING FOLLOWUP ON AN ISSUE OF AN  
ACCIDENT CAUSED BY HON. ANNE CATHERINE AKINYI**

My names are Willis Gathua Ndoka. I was knocked down by the person named above. She promised to pay for my medical bills which she did twice then blacklisted me from making calls to her or sending text. I was humbly asking for your intervention because I am now suffering due to the injury resulting to cancellation of LPOs. My family of my jewel and 2 daughters is also going through a hard and rough time because providing for them is difficult which resulted from a broken right arm that does all the work of writing and signing. Writing, signing is difficult because I am now using my left hand. Reason for writing you this letter is because I believe you can assist through God's guidance and that you never like seeing people suffer through then hands of others i.e the mighty and rich oppressing the common mwananchi who cannot do anything or go anywhere to seek justice for lack of funds or know how. I have even been called for request for quotations (RFQs) but I have to turn them down because I can't write nor sign and signature is required in RFQs

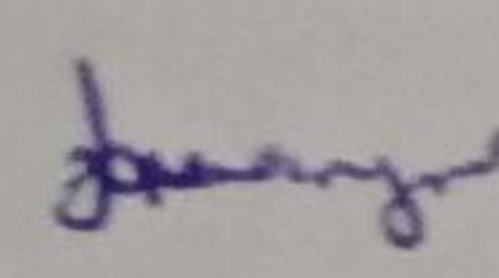

The MCA also gave a report that is not similar to what happened for instance she said she knocked me on the pavement yet I was on the pedestrian's path next to the entrance of Jogoo house and no damages happened to the vehicle and the inspection reports states different. The accident was on 9<sup>th</sup> January 2019, the insurance report was done and received on 8<sup>th</sup> March 2019. Letters written by Nairobi City County Assembly have acknowledged a letter dated 1<sup>st</sup> August 2019 which the date is four months away. She even involved an officer Samson Obuong from Kilimani Police Station and that is not his jurisdiction because Taifa Road is under Central Police Station. Samson was involved to report and get the OB fast so as to avoid using so much time reporting the issue and follow the que as usually done at Central Police Station.

Kindly and humbly asking you to go through the attached documents to prove the above information.

May God bless you, the work of your hands, expand your territories and boundaries of success. May God bless all your good deeds and God shine light upon your paths.

Anticipating for a positive feedback.

Yours Faithfully

*For*   
Willis Gathua Ndoka.
