NAIROBI

Dear Sir,

RE: ROAD ACCIDENT INVOLVING CAR REG KCL 814V

I confirm receipt of your letter dated 4th March 2019 on the above mentioned subject. Willis Gathua, alleges to have broken his right arm against my car while I was driving along Taifa road towards our Nairobi County supreme parking from the Jogoo house direction, on the early afternoon of 9th January 2019.

As I was driving, I felt something hit the left hand-side of my car's side mirror. I stopped and, from my rear view mirror I saw Willis walking toward the car to the front passenger side holding his broken arm and claiming that I hurt him.

He was accompanied by apparent onlookers who were milling around me and my passenger and causing confusion. As a responsible citizen and on humanitarian grounds, I took it upon myself to first cater to the injured pedestrian.

We proceeded to Nairobi Women's hospital, Adams Arcade branch, where I felt we would get the urgently needed treatment. After the initial first aid/half cast treatment and in view of the cost involved, I requested the attending doctor, Dr Munene (Orthopedic Surgeon) to refer him to Kenyatta National Hospital for further treatment.

From Nairobi Women's Hospital, we first went to Central Police Station to record statements. The report was recorded under OB no. 118/09/01/19. My car was then impounded to allow for inspection as per Kenya Traffic Laws. The inspection was done the next day. (Report attached)

I would like to make special mention that I was accompanied by two witnesses to the Central Police Station, one who was a passenger in the car during the accident, Cecilia Anyango, and a friend who came to assist at the hospital, Samson. I would also like to
